Triumph over disability

Prepare for a fresh start

We know how easily the unexpected can become a reality. Don't let accidents or injuries leave you without the money you need to triumph over disability. Get the protection of disability cover and rest assured, knowing that disability does not have to mean the end; it can herald a new beginning.

About the cover

Disability should not mean a loss of income for you or your family. If you become disabled and totally or permanently unable to engage in your own occupation or any other suited occupation because of this disability, 1Life's **disability cover** will pay out a lump sum that you can use to replace all or some of your income.

You may use the money to replace your income if you're unable to work, to settle outstanding debt or to remodel your home or car to cater for your disability. 1Life offers a choice between cover for disablement that leaves you unfit to work at your own or a suited occupation (occupation-based disablement cover) or events that result in disability (event-based disablement cover).

1Life Disability cover is what you need if you

- Are single and are reliant on your salary to support yourself or anyone who may depend on you financially.
- Are the breadwinner in your family and rely on your salary to support yourself and your family.

We offer a **range of premium options**:

1 Premium option 1

A level-rated premium that increases each year at a fixed percentage.

2 Premium option 2

Especially for younger policy holders, an age-rated premium increase, which increases as you get older.

3 Premium option 3

Annual Contribution Increase (ACI) and Annual Benefit Increase (ABI) - It's important to make sure that your cover keeps up with the cost of living and you can ensure this by choosing to increase your cover by a small percentage each year. At 1Life we allow you to structure your premium increases and the sum assured on any new policy taken out. ACI and ABI is also available on an age-rated premium increase.

- If you select the inflation aligned option, it will allow your premium to increase by CPI (*this will be based on the average inflation over the last 6 months prior to the increase*) + 3% per year to keep up with inflation. This option also impacts your benefit amount (sum assured amount) as this will automatically increase by CPI, annually.
- If you select the fixed sum assured option, your premium will increase annually with 5% from month 13 onwards. Your benefit will remain flat for life.

A person in a wheelchair is shown from a side profile, moving through a brightly lit hallway. The person is wearing a dark jacket and a cap. The wheelchair is white with a black seat. The hallway has a light-colored floor and walls, with a series of recessed lights in the ceiling. The overall scene is captured in a cinematic style with a soft focus.

Key features and benefits

1

Pays out a **lump sum** of between R20 000 and R10 million, depending on what amount of cover you choose, in the case of permanent disability.

2

In the case of **occupation-based disablement** cover, 100% is paid out, and in the case of event-based disablement cover, 50% or 100% is paid out when the criteria set out in the 1Life policy book tables are met.

Occupational disability

This product pays out a lump sum if:

- You are totally and permanently unable to perform the normal tasks required by your normal occupation; and
- You cannot do any other work that you would be able to do, given your education, knowledge, training or experience.

The maximum benefit amount as stated in your policy schedule will remain the same until five (5) years before you turn 65 or reach your selected retirement age, whichever is earlier. From then on, the sum assured will be reduced by 20% once a year until it reaches zero.

Event disability

This product pays a percentage of the sum assured for disability according to the criteria described in the tables in your policy book. These criteria include loss or loss of use of limbs, blindness, deafness and loss of speech, major burns, major head trauma, spinal cord injury and permanent confinement.

Things to consider

- This cover is available to people between 18 and 59 years of age.
- In the case of occupation-based disablement cover, the cover expires after a pre-selected retirement age or age 65, whichever is earlier. The maximum benefit amount will remain the same until five years before the above age. From then on, the sum assured will reduce once a year with 20% per annum, until it reaches zero. Events based disablement cover does not expire.
- You are covered immediately for accidental disablement.
- No medical check-ups. Only an HIV test is required.
- Guaranteed assurability. You may increase your cover amount by up to a maximum limit allowed (benefit available up to maximum entry age per benefit). This option is only available to you every three years or when certain predefined events happen, such as marriage, the birth of a child, or buying a new home. You must test negative for HIV if that was required at policy inception, but no further medical underwriting is required. Ts & Cs apply.

Types of disability covered under events-based disability

- Loss of, or loss of use limbs.
- Blindness.
- Deafness.
- Loss of speech.
- Permanent confinement.
- Major burns.
